

Coincidental Penalties

RinkWriter's "Coincidental Penalties" form is the same as the one for entering regular penalties.

The screenshot shows the 'Coincidental Penalties' form. A blue message box in the upper left contains the text: 'Coincidental Minors First, select and 'Enter' the penalty on Moose River ...You will be prompted to 'Enter' the second penalty... on Wolf Lake Falls'. A red arrow points from this box to the 'Choose Penalized Team' section, which has 'Moose River' selected as the default. Another red arrow points from the 'Type of Penalty(s)' section to the 'Coincidental Penalties' option. A third red arrow points from the 'Additional Penalties' section to the 'None' option. A fourth red arrow points from the 'Enter' button to the 'Moose River Players' list. A fifth red arrow points from the 'Enter' button to the 'Enter' button itself. The form includes a 'Show Time Calculator' button, a 'Set End of Game Time' button, and a 'Start Timeout Timer' button. The 'Moose River Players' list includes names like Jediah Jackson, Bradley Mattson, and others.

1. A message box is automatically displayed telling the scorekeeper to enter the visiting team penalty first.

2. Select the type of penalty

3. Include any additional penalties

4. Select the penalized player

5. Enter

After entering the first penalty...on the visiting team, you will be prompted to automatically return to this window and enter the penalty on the home team.

A form will then be displayed...for announcing both penalties.
