****Pregame Setup****: Most of these entries are defaulted to be the same as the previous game. This is where you will set up for a new game.

****For The Announcer****: These buttons open forms for the P.A. Announcer.

****Printouts****: These buttons open the printing options. The "Pregame Rosters", the "Game Worksheet", the "Starting Lineups", and the "Scoresheets" are printed from here. The "Scoresheet" may be printed after each period or at any time during the game.

The ****Game-Time Entries****: The only entries during each period are entered here. All game time entries are either "Goals" or "Penalties".

****Between Periods****: These buttons open forms for entering Shots on Goal, Saves, Goalie Periods and Times played. Quality Scoring Chances and Face-offs Won are also entered here.

****Display****: These buttons open forms for editing the game log or displaying power play data. Changing the color of the text or backgrounds in the Main Menu can also be done from here.
