

# RinkWriter's Officials Window

RinkWriter's "Officials" Window allows you to enter and save the names of officials.

The screenshot shows the "Officials" window interface. On the left is a list of available officials: Arthur Anderson, Dustyn Rasmussen, and Mark Wilson. On the right, there are two sections: "Selected Officials Referee(s)" containing Crafter, Jon, and "Lines Persons/Assist Referees" containing Jackson, Martin and Nonsense, Charlie. Below these are buttons for "Clear Selected Officials", "Add the Official to List", and "Return to Main Menu". A text input field is labeled "Enter Official's Name Above" with the instruction "Last Name, First Name... Use Upper and Lower Case Letters". At the bottom left, there is a "Remove Official" button and a note "Select an Official to be Removed and Click Below". At the bottom right, it says "Automatically Saved". Red arrows point from text labels to various elements: "Referee or Referees" points to Crafter, Jon; "Linesmen or Assistant Referees." points to Jackson, Martin; "Select and >>> the desired officials." points to the >>> button; "Add more officials to the list of available officials." points to the "Add the Official to List" button; and "List of available officials." points to the list on the left.

The names of the available officials are automatically saved when you add them.  
You will need to select new officials for each game.

If you set up multiple folders for a tournament, all of the available officials can be entered ahead of time.

If you set up single games ahead of time in multiple folders, you can select officials for each game at that time.
