Print Pregame Rosters the same way that you would print a scoresheet.

If you choose to upload it to the Internet, use the same PDF name and procedure that you would use for the game's scoresheet.

Some scorekeepers like to upload the Starting Lineups prior to a game...for fans from around the world. Use the same PDF name that you would for that game's scoresheet.

This will be replaced by the 1st Period Summary...which will be replaced by the 2nd Period Summary...which will be replaced by the game's final scoresheet.
