

RinkWriter's Shots on Goal Form

RinkWriter's "Shots on Goal" window is designed for entering goaltender stats.

Shots on Goal Clear All Return to Main Menu
 Automatically Saved

If a goaltender plays less than a complete Period... Manually update the times below:

SOG by the Moose River Shooters
 Goals Scored by Moose River → 1 0 0 0 1

Wolf Lake Falls Goaltenders

Goaltender	# of Per Played	Min : Sec	Period 1		Period 2		Period 3		Overtime(s)		Totals		W L T
			SOG	SV	SOG	SV	SOG	SV	SOG	SV	SOG	SV	
01 Josh Lamp	1	20:00	9	8							9	8	●●●●
Backup Goaltender											0	0	●●●●
30 David Pederson											0	0	●●●●
Backup Goaltender											0	0	●●●●

Goaltender Times: Automatic Manual

SOG by the Wolf Lake Falls Shooters
 Goals Scored by Wolf Lake Falls → 2 0 0 0 2

Moose River Goaltenders

Goaltender	# of Per Played	Min : Sec	Period 1		Period 2		Period 3		Overtime(s)		Totals		W L T
			SOG	SV	SOG	SV	SOG	SV	SOG	SV	SOG	SV	
01 Jediah Jackson	1	20:00	10	8							10	8	●●●●
Backup Goaltender											0	0	●●●●
30 Wil Ketchum											0	0	●●●●
Backup Goaltender											0	0	●●●●

Shots on Wolf Lake Falls Empty Net: SOG (EN) 0

Shots on Moose River Empty Net: SOG (EN) 0

Goaltenders appearing in this window were selected as the "Starters" and "Alternates" in the Starting Lineups window. To change the names in this window, you must edit the Starting Lineups.

The "Time Played" for each goalie is automatically entered when you enter the number of shots they have faced after each period.

The names of the goalies are automatically entered here when they are entered at Starters and Alternates.

The number of goals scored each period is automatically displayed to assist the scorekeeper with SOG and Saves for each goalie.

Enter the number of shots faced by each goaltender...and the number of saves they have made.

The period column is highlighted in yellow whenever you are entering stats for that period.

If an Empty Net Goal is scored and it is indicated in the "Game Log" it will appear here and it will be reflected in the team totals, but will not be counted as a shot faced by the goaltender.

If any goaltender plays less than a complete period at any time during a game, set the "Automatic" time calculator to "Manual", and thereafter, manually enter all of the times and periods.
