11 (3)																																																	
Period 1	Period 2	Period 3	Overtime(s)																																														
11 (6)																																																	

Tabulate data and enter into computer immediately after each period... be aware of goaltender changes.

Optional shot charts

	<p>Game Notes</p> <p style="font-size: x-small;">Names of coaches, officials, next opponents, team records, time outs, times for goalie leaving ice, etc.</p>	

- ← Tabulate Shots on Goal
- ← Tabulate Quality Chances (Optional)
- ← Tabulate Face-offs Won (Optional)

The "Game Worksheet" may be Printed before arriving at rink-side.

It works well to have penalty box workers assist with tabulating the SOG, Quality Chances, and Face-offs Won. The scorekeeper should enter these into the computer after each period.

(This information could also be tabulated on scratch paper...)
