

# Importing All Rosters and Team Names

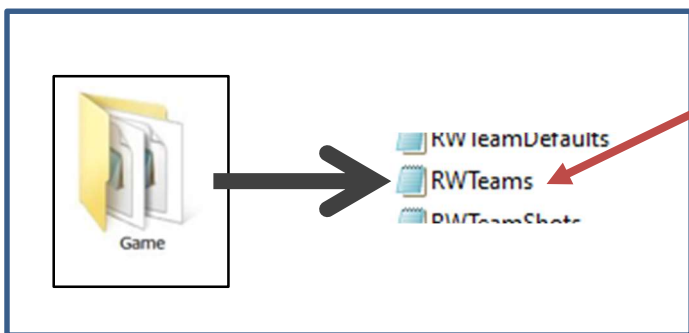

Your desktop RinkWriter folder(s) contains an app.pathRW02 folder. It contains "Game" and "Team" folders. "Teams"

The "Teams" folder contains a "HS" folder.

The "HS" folder contains all of your high school rosters

**The zipped folder** contains a new "HS" folder and a new "RWTeams" file.

The "Game" folder contains the "RWTeams" file

The task is to replace the "HS" folder and the "RWTeams" file with the ones contained in zipped folder.

**Step #1:** Delete the existing "HS" folder and delete the existing "RWTeams" file.

**Step #2:** Download and "copy and paste" the new "HS" folder into the "Teams" folder and the new "RWTeams" file into the "Game" folder.

Open and Run RinkWriter in your desktop folder, and you should find the list of all of the teams and their corresponding rosters in the "Teams" and "Rosters" windows.
